**COMPARISON TABLE OF DEFENDANTS' TRACK 1 AND TRACK 2 DISCOVERY REQUESTS
PROPOUNDED ON THE UNITED STATES DRUG ENFORCEMENT ADMINISTRATION**

Defendants' T2 Discovery Requests	Defendants' MDL T1 Discovery Requests	Notes
1. Requests that are exact duplicates of those propounded in MDL		
Request # 30: All Documents and Communications concerning the determination of Aggregate Production Quotas for Prescription Opioids during the Relevant Time Period.	Request # 22: All Documents and Communications concerning the determination of Opioid Production Quotas and Opioid Procurement Quotas.	Here, Defendants simply added the word "Aggregate" prior to "Production Quotas"
Request # 31: All Documents concerning Communications with or about the Healthcare Distribution Alliance (HDA) or Healthcare Distribution Management Association (HDMA).	Request # 23: All Documents concerning Communications with or about the Healthcare Distribution Alliance or Healthcare Distribution Management Association.	
Request # 33: All Documents DEA has identified or determined were retained by Joseph Rannazzisi upon the conclusion of his employment with DEA, as well as all documents concerning DEA's investigation of whether documents were retained by Mr. Rannazzisi upon the conclusion of his employment with DEA.	Request # 33: All Documents DEA has identified or determined were retained by Joseph Rannazzisi upon the conclusion of his employment with DEA, as well as all documents concerning DEA's investigation of whether documents were retained by Mr. Rannazzisi upon the conclusion of his employment with DEA.	Notably, the DEA <i>already produced</i> these documents in the MDL.
Request # 34: The complete personnel file relating to the employment of Joseph Rannazzisi by the DEA.	Request # 34: The complete personnel file relating to the employment of Joseph Rannazzisi by the DEA.	
Request # 35: All Documents provided by the DEA or by any current or former employee of the DEA to the Washington Post and/or to 60 Minutes, and all Documents concerning DEA's investigation relating to Documents provided to the Washington Post and/or 60 Minutes.	Request # 37: All Documents provided by the DEA or by any current or former employee of the DEA to the Washington Post and/or to 60 Minutes, and all Documents concerning DEA's investigation relating to Documents provided to the Washington Post and/or 60 Minutes.

2. Requests that are duplicative of those propounded in MDL or are otherwise not case specific		
Request # 3: All Documents describing, relating to, or reflecting efforts made by You to access or utilize ARCOS Data, Suspicious Order Reports, and/or West Virginia Controlled Substance Automated Prescription Program data to combat the diversion or misuse of Prescription Opioids in the City of Huntington, Cabell County, or any town, village, or city within Cabell County.	Request # 9: All Documents describing, relating to, or reflecting efforts made by DEA to utilize the ARCOS data, suspicious order reports, and/or other communications from Defendants to identify pharmacists, pharmacy interns, doctors or other prescribers, or patients who might be diverting controlled substances.	This request is largely duplicative of Request Nos. 9 and 10 in the MDL. Although the current subpoena slightly expands the scope of the previous requests, which focused on DEA's efforts as it relates to ARCOS and SORs data <i>submitted by Defendants</i> , it is unclear how DEA's use of ARCOS/SORs data for entities unrelated to Defendants is relevant to the instant litigation. Moreover, Defendants have made clear in the course of meet and confers with DEA that they are interested in DEA's use of ARCOS/SORs data submitted by Defendants.
	Request # 10: All Documents describing, relating to, or reflecting Defendants' efforts to obtain access to ARCOS data and/or suspicious order reports to identify pharmacists, pharmacy interns, doctors or other prescribers, or patients who might be diverting controlled substances including, but not limited to, all Documents describing, relating to, or reflecting the DEA's response to Defendants' efforts to obtain access to ARCOS data and/or suspicious order reports.	
Request # 4: All Documents referring or relating to the unlawful use, misuse, abuse, sale, diversion, production, transportation, distribution, purchase, and/or trafficking of Prescription or Illicit Opioids within or into the City of Huntington, Cabell County, or any town, village, or city within Cabell County.	Request # 11: All DEA files and records relating to diversion or misuse of Prescription Opioids, including but not limited to the following: <ol style="list-style-type: none"> Correspondence related to potential or actual diversion or misuse of Prescription Opioids; Correspondence from or to any other Department of Justice agency or office (including but not limited to, any United States Attorney's Office), any other federal agency, any state agency, or any federal, state, or local official relating to the diversion or misuse of Prescription Opioids; 	This request is duplicative of Request No. 11 in the MDL. Although this request is nominally limited to the geography at issue in the remanded case, the documents at issue were already sought in the MDL without any geographic limit following lengthy meet and confer discussions between the Defendants and the DEA.

This request is not case specific; this is a particularly good example of Defendants' use of remand as an opportunity to reopen discovery.
3. Additional requests with no direct corollary to the MDL requests		
Request # 1: All Documents submitted by You to the House Energy and Commerce Committee as part of its investigation that resulted in the report <i>Red Flags and Warning Signs Ignored: Opioid Distribution and Enforcement Concerns in West Virginia</i> , December 19, 2018, including but not limited to all Documents produced to the Committee, all written statements provided to Committee, and all notes, presentations, handouts and communications relating to the multiple briefings from DEA Staff to Committee Staff referenced in the Report.		
Request # 2: All Documents and Communications concerning the determination of estimates of diversion for Prescription Opioids during the Relevant Time Period pursuant to the Substance Use Disorder Prevention that Promotes Opioid Recovery and Treatment for Patients and Communities Act (SUPPORT Act), Pub. L. 115-271, 132 Stat. 3894. See https://www.deadiversion.usdoj.gov/fedregs/quotas/2019/fr0912.htm .		Given that the SUPPORT Act was signed into law on October 24, 2018, this request seeks documents created after the MDL was constituted.
